

Communication Technology Fund

Toronto Conference has established a Communication Technology Fund. The purpose of the fund is to assist Pastoral Charges and Outreach Ministries in the purchase of computers, software and internet services in order that they may communicate electronically.

Technology Fund guidelines: Grants are available to Pastoral Charges and Outreach Ministries who do not currently have high-speed internet access.

The grant may be used for:

- purchase of computers and equipment required to ensure high-speed internet access
- installation charges and wiring installation to make high speed internet access possible for a Pastoral Charge or Outreach Ministry
- cost of purchasing a wireless internet receiver but not monthly operating costs.

Equipment purchased will be the property of the Pastoral Charge or Outreach Ministry, not the individuals using the equipment.

There is no restriction by Toronto Conference on choice of supplier for equipment or services.

Grants shall be up to \$1,000, available on a one-time basis, until the fund is exhausted.

The Fund shall exist from July 1, 2010 to September 30, 2011.

Application process:

1. Fill out an application form - Check the Conference's website www.torontoconference.ca or call Rose Cambourne, Toronto Conference financial administrator, to obtain the application form.
2. Include receipts for work done or written estimates from a supplier for equipment or work to be done.
3. The grant of up to \$1,000 shall be paid by the Conference financial administrator to the Pastoral Charge or Outreach Ministry.
4. GST and HST recovery on the invoice is the responsibility of the Pastoral Charge or Outreach Ministry.

Rose Cambourne, finance and property administrator
