

More Than Witnesses: How a Small Group of Missionaries Aided Korea's Democratic Revolution.

AVAILABLE through the TS Presbytery office:

10 copies @\$25.50 per copy,

Marion Current, one of our Toronto Southeast Ministry personnel, is one of the 14 missionary authors (2 Canadian and 12 US American). A useful book for you and your church members who are interested in the background information of these authors who were shocked into action by the increasingly repressive policies of South Korean military dictators Park Chung Hee and Chun Do Hwan during the 1970's and '80's.

Two of the many questions addressed are:

What is the role of churches under a military dictatorship?

and

In what ways should (or should not) missionaries (in the UCC we are now called Overseas Personnel) get involved in the politics of their host countries?
